

## **JOB OPENING: MANUFACTURING SERVICE OPERATOR**

**Washington Mills Electro Minerals Corporation**

**1801 Buffalo Ave., PO Box 423**

**Niagara Falls, NY 14302**

### **Company Description**

Washington Mills is one of the largest producers of high quality abrasive and fused mineral products in the world. It has facilities throughout the U.S., Canada and Europe and serves a global customer base. Its principal business is the fusing of oxide and carbide minerals in electric arc and Acheson furnaces, as well as the grinding and classifying of the minerals into grains and powders. Established in 1868, Washington Mills continues a long history of excellence in serving raw materials to the abrasive, refractory, ceramic and industrial abrasive markets. We are seeking an energetic and experienced Production Operator for our Niagara Falls, N.Y. facility, well-situated between the U.S. and Canadian border.

### **Job Definition**

- Performs service work for all elements of electro minerals manufacturing and shipping including general and sanitary cleaning, trucking, repairing screens (and related equipment), emptying, collecting and packing of dust collector fines, bagging and/or drumming of aloxite grain, movement of supplies and material.
